PREAMBLE: (from the proposed Constitution, presented March 2001)

In order to strengthen the friendships formed amongst us while at Southeastern Regional Vocational-Technical High School; to strengthen the attachment of each of us to our chosen profession; to render positive service to The School; and to act in all practicable ways as an advocate to the cause of vocational-technical high school education; we form ourselves into an Alumni Association.

FALL 2001

This is YOUR Alumni Association - And We Need Your Help!

With an average class size of 240, Southeastern Regional Vocational-Technical High School has graduated over 8,000 students. That's a lot of people to keep track of! And so, we ask for your help. Please let us know if you have a friend who is also an alumnus and who did NOT get this mailing. Please share this newsletter with him/her, fill out the form below (make as many copies as you need), or direct him/her to our website. Our database has less than 1/4 of the graduates listed, and we can use all the help you can give us!
